### **Project description**

The Joseph Haydn concert hall located in Bolzano, Italy is well known for its symphonic concerts and choir performances. The concert hall has an elegant style and offers an excellent acoustic.

AEG Professional is very proud with the results of a project it just realized with the prestigious “Fondazione Teatro Comunale e Auditorium Bolzano”.

The installation was done by “Pro Lab di Coletti Marco”, using our DSF-C150 and a pendant version of the SMR-C150 in a matt grey finish.
